

# Milane S5

**Milane Oeno, the wine-food solution.  
For simple, safe sulphur dioxide adjustments.**

**Milane**   
Oeno

## Applications

► **With the Milane Oeno range, Inventec is always one step ahead in the sulphur dioxide market!**

Practical, simple and safe, the S5 cylinder with plunger can be used in a vertical position and is ideal for sulphur dioxide adjustments.

The adaptation of the MILANE D dosing apparatus and taps to use the valve ensure dosing accuracy, safety and easy handling. As part of the Ecoprogramme, empty S5 cylinders will be exchanged.

**For simple, safe sulphur dioxide adjustments**

**Reduce your plastic packaging waste**

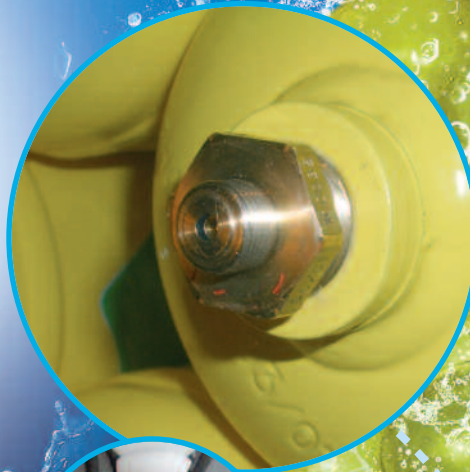

**Cylinders can be used in the vertical position (pickup tube)**

**Control pure sulphur dioxide dosing**

**Cylinder traceability**

**No more dosing siphons**

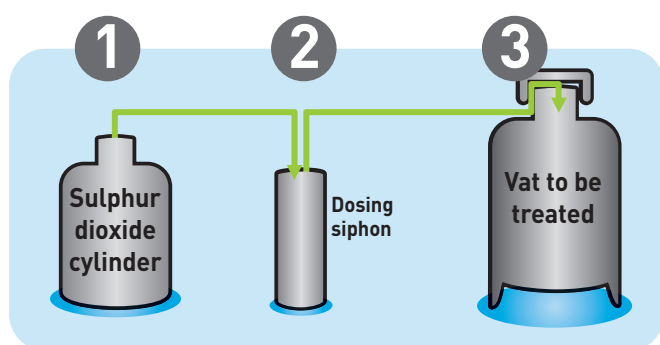

**Codex HACCP DE 2009/10/CE**

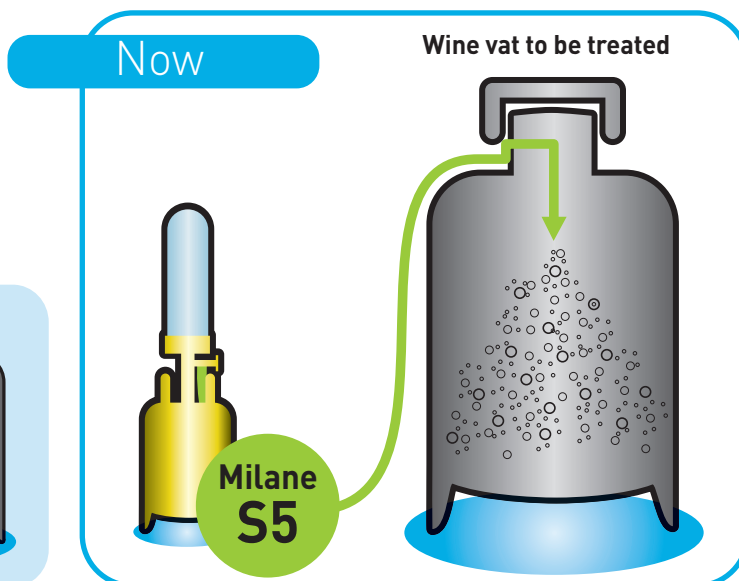

## The ideal new tool for winemakers
