

ENVIRONMENTAL POLICY

OUR VOCATION

Aim **ZERO** impact on:

- **Waste**
- **Pollution**
- **Accident**

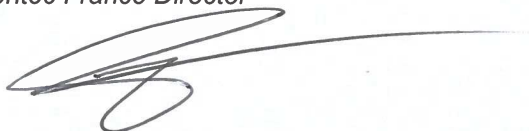

OUR COMMITMENTS

- Ensure the safety of our personnel and our facilities.
- **Adapt** our **organization** and **process** to changes in our environment to ensure control and safety of our operations.
- Increase **safety for our products use** through training, customers support and innovation.
- Support respect and development of our environment by:
 - Decreasing **energy consumption** and **wastes production**.
 - Controlling **liquids** and **atmospherics discharges**
 - Developing technologies favoring **circular economy**

We are also committing to be compliant with legal, and other requirements, to prevent pollution and to continuously improve our integrated management system.
